End of School Day Arrangements

At the end of the school day, things are really busy in our school. There are three provisions on the same site (MPJS, MWIS and the Children's Centre) as well as children going to lots of different places other than straight to a parent such as school clubs, after-school provisions and the school buses.

Please can we ask that where possible, plans are arranged with children in the morning and then carried out? We have had a number of late calls changing plans to pick-up arrangements and this can cause confusion for the children. We do accept that there are times when this cannot be helped. Thank you for helping us to keep your children safe.
